Historia de liderazgo

La historia de ACDelco se relaciona con la propia historia del automóvil.

Los orígenes de la marca nos llevan a 1899, cuando Albert Champion se establece en Boston y comienza, como hobby, la fabricación de bujías. Más tarde, en el año 1908, se une a la Buick Motor Co., y juntos fabrican excelentes bujías para AC Spark Plug Division.

Por otra parte, en 1901, los hermanos Remy fundan Remy Electric Co., y son los primeros en construir dínamos y magnetos, que se utilizaron en lugar de las baterías de encendido en los primeros vehículos. En 1926 la empresa de los Remy se fusiona con la Dayton Eng Labs Co., formándose así Delco Remy Corp. Con el tiempo, AC Spark Plug Division y Delco Remy Corp. fueron incorporadas por General Motors Corporation. Las marcas AC y Delco se unificaron en el año 1974 y hoy, bajo el nombre de ACDelco, presentan un liderazgo consolidado mundialmente.
